Hi,

My name is [REDACTED]. I am a qualified enrolled nurse .I finished my nursing in 2012 in WA but not registered yet. I sat in OET exam in Perth and got all B except in writing. I am in regional. Have to travel 1700 kms to sit for exam . I am working in aged care for the last 4 years. I am going to sit second and last time in Melbourne. If this time i cannot pass , I cannot continue my graduation in Nursing. I am an Australian citizen. I came from India in 2007. I just want to know if I am qualified in Australia. Why i have to do this test to get my registration. Hope to get my answer soon.

Regards,
